Goals:

1. **Work with my chapters to increase membership in Area 16.**

3. **Help my chapters with the new policy and deadline for dues.**

Accomplishments and activities related goals:

1. **Area workshop was held in August and was successful. All the chapters in Area 16 were in attendance and we had a good number of members come and participate in the breakout sessions. The comments from the workshop were positive and appreciative.**
2. **I have visited two chapters and I'm scheduled to visit/present at 3 or 4 chapters this Spring.**
3. **Have stayed in touch with my chapter presidents through a monthly newsletter and emails throughout the year.**
4. **Have worked with the state treasurer to help her contact the chapter treasurers in Area 16 to get them set up with the new policy for collecting dues.**
5. **Was excited to have three members of Area 16 selected for Leadership Seminar in February.**

Suggestions to Chapters:

1. **Will meet with Beta Gamma in April and reinforce the ideas that were presented last year in the recruitment plan and address any concerns they have had over the year.**
2. **Will meet with Iota Omicron in April and try to help them with their recruitment plan.**
3. **Will meet with Mu Lambda and Beta Sigma this Spring and present the recruitment plan.**
4. **Met with Lambda Rho and presented the recruitment plan. They had several prospects.**
5. **Met with Zeta Sigma in the Fall and presented the recruitment plan and check to see how the plan has worked for them.**
