State Annual Report
2018-2019 Area Coordinator
Alannah Mozisek
Alpha Iota, Area 4

Goals:

1. I wanted our Area 4 workshop to involve as many of our area members in as many roles as possible.

2. I wanted to be sure all of our chapters had access and explanations for all of the changes which were voted on in Austin at the International Convention.

3. I wanted to encourage growth in our area chapters and success with the struggling ones.

4. I wanted to encourage members to apply for positions on state level committees and for the Leadership Development Seminars.

Accomplishments and activities related goals:

1.I was very pleased with the attendance and interaction at the area workshop. I was in our southwestern most chapter and we still had over 85 in attendance. I also really got to know the member of Gamma Omicron who were our hostesses for the event.

2. I forwarded all information which I received on the constitutional updates to all Area 4 presidents and answered questions or found solutions to all questions which they had.

3. The chapters who are inducting new members are making careful and thoughtful choices. The struggling chapters are still having problems and resisting assistance.

4. Two of our Area 4 members were selected to attend the LDS and came away from that experience encouraged and uplifted. Other Area 4 members are going to be serving on state level committees.

Suggestions to Chapters:

1. Choose prospective members carefully and then MENTOR!

2. Continue to attend state, area and international conventions.

3.Continue to apply to be on state level committees.
