State Annual Report
2018-2019
Risa McCann, T.S.O. Membership Chair
Mu Pi Chapter, Area 18

Goals:

1. Encourage members to strengthen their chapters by building membership diversity including members of all ages and ethnicities, as well as those who work in all types of schools.
2. Honor our heritage as we build membership, strengthen chapters, and take on new challenges in schools and communities.
3. Encourage healthy living strategies for our members and their families.
4. Support initiatives and programs that will enlighten and inform members about education worldwide

Accomplishments and activities related goals:

Members of the Membership committee spoke at Area Workshops in the Fall of 2018 to encourage Chapters to look in their communities at leading women educators serving outside of the traditional classroom setting as potential members. This resulted in new members being inducted. Also chapters were asked to utilize the Chapter Resources provided on the TSO webpage to help grow and strengthen their chapters

Each chapter was asked to show the Pride in the Big Picture at new member Inductions and perhaps at a chapter meeting. Chapters were encouraged to explore the resources provided by TSO and International. -

Chapters were charged with the responsibility of providing programs that promoted the health and wellbeing of its members.

Suggestions to Chapters:

Focus on promoting the good health and well-being of chapter members with programs and activities that provide such information. Also focus on current educational and legislative issues by publishing information in chapter newsletters, inviting speakers and utilizing promotional materials to remind members and community the importance of voting in public elections.

While seeking to induct new members into the chapter do not lose sight of the needs of the existing members. Work to renew members' passion for and commitment to DKG.

Support the International Projects like *Schools for Africa*, as well as projects on the community and TSO level.
