Palomino Room

Directions:

Delta Kappa Gamma is not just a network, it is a family of support, encouragement and fellowship. When someone is in a bind, or experiencing pain or loss, this organization of "sisters" rallies around them. The purpose of this program is to meet new friends and learn interesting things about each other, discovering unexpected commonalities and building sisterhood.

1. We will start by numbering off using the letters A and B going around the room.
2. The **A**s will find a **B** partner in the room that you don't know. Stand in front of them. If you are unable to stand, you may sit.
3. Generate ideas for questions from the list below or come up with a couple of your own questions.
4. When the timer starts, partner **A** asks a question, and is the listener, and partner **B** responds. Partner **A** keeps asking questions until the timer goes off. In the next round we will switch and let partner **B** ask the questions.
5. Rounds will be 2 minutes per person and four minutes total per round. After a complete round, you will switch partners.
6. Plan to play at least 6 complete rounds.
7. Collect interesting facts about those with whom you have connected. Use the notecard to jot down these facts
8. At the end of 6 rounds, we will be sharing those interesting facts with the whole group.
