

State Annual Report
2018-2019 Name of Committee Area 12 Coordinator
Your Name Sharon McDougle
Chapter Name Gamma Eta Area Number 12

- Goals:
1. Communicate regularly through several methods to ensure that our membership receives the latest news.
 2. Challenge chapters to use the Recruitment Plan to bring in new members.
 3. To be a liaison between TSO and Area 12 Chapters.
 4. To have an informative and successful Area 12 Workshop.
 5. To celebrate special things with my Area 12 Chapters.

Accomplishments and activities related goals:

1. **Through the reading of chapter newsletters, I can see that many are using the Recruitment Plan and will be inducting new members into their chapters in the next few months.**
2. **I have been communicating with the chapter presidents through a monthly newsletter and if needed at other times as well. When I visit chapters I have been informing them of things that are going on in TSO.**
3. With the help of TSO Committee members, the Area workshop was a success. Several have said how much they enjoyed it and how well it went.
4. I still have three chapters to visit the last of March and the first part of April. Through request I have visited some chapters twice. I have also attended special activities, such as Founders Day and Christmas Tea, with all area 12 chapters that could attend these events.

Suggestions to Chapters:

1. **Continue to use the Recruitment Plan. Try calling former members about reinstatement. Put out A JOURNEY FOR LIFE brochure and a chapter brochure in the lounges at your schools.**
2. **Mentor new members—assign a member to them to invite them to ride to a meeting with you. Don't leave them out there hanging, you might lose them.**
3. **Try involving as many members as possible at each chapter meeting. Keep them busy and they will more than likely stay. Work as a team.**
4. **Your Area Coordinator is here to help you. Keep calling, texting, emailing and asking those questions.**
5. **Encourage chapter members to attend state conventions, regional conferences, area workshops, and international conventions. Get members involved in all levels of the society.**
