

Virtual Recommitment Ceremony

(For Zoom Users)

Recommit...What does it mean? In simple terms, to commit again!

Maybe you think of a couple renewing their wedding vows... Recommitting to each other because of a special bond. A special bond- we have that as sisters in Delta Kappa Gamma.

RECOMMIT...

Maybe you think of a football coach, meeting with his team for the first time in a new season. Inspiring his team- setting new plays and plans for the new year. We have that going on right here.

RECOMMIT.....

Maybe you think of the first faculty meeting with your principal starting a new year. Discussions being held of unlimited possibilities with your students and once again: goals and objectives for the new year. We certainly operate with those as well.

RECOMMIT...

Maybe you think of a church setting with regularly planned communion or Lord's Supper services. We are reminded then of the sacrifices, symbolism and purpose of that service, and we re-align our hearts. In our organization we are reminded of the seven purposes of our society and we re-align ourselves with each purpose.

Why a Recommitment Ceremony each year?

Any educator knows that repetition is a good way to learn. And by repeating a recommitment ceremony each year, we learn to grow, to love and to make a difference in our chapter.

TOGETHER, We are the DELTA KAPPA GAMMA SOCIETY INTERNATIONAL.

Will you recommit yourselves to upholding the values of Delta Kappa Gamma. If so, please raise your hand.

Thank you!
