22 June 2024 • 2:15 – 3:00 PM

Objective

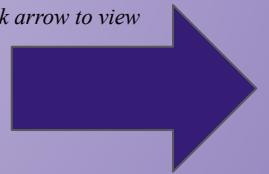

The participant will practice using several of the features of Google Slides in order to create a template that can be used for a chapter yearbook or newsletter.

Some Benefits of Google Slides

- ♥ It allows for easy collaboration where all editors can see the most recent updates live at all times.
- ♥ You can easily save your work as a pdf or as images.
- ♥ It is easy to insert and remove pages.
- ♥ Sending your files digitally allows members to read it at whatever size they need.
- ♥ It's free!

Let's look at some
EXAMPLES...

Tips to Keep in Mind

- ♥ Use one dominant font that is easy to read with no more than 2 accent fonts.
- ♥ Don't forget to credit your clipart and decorations. The Hungry JPEG has some great free stuff that is licensed to use.
- ♥ Using Google Slides makes it easier than ever to include video!

Let's Practice

If you brought your computer,
please follow along with me!

Feel free to stop me and ask questions.

I will screen record so you can
rewatch the steps later.

Feel free to
contact me
with questions.

Thank You!
