# CULTURAL COMPETENCIES

## World Fellowship

Awards grants to women in education from other countries for graduate and postgraduate study.

- Cultural Awareness
- Cultural Understanding
- Cultural Knowledge
- Cultural Interaction

# BE A GLOBAL CHAPTER

Consider a program to share activities that incorporate global education in each content area.

Have a discussion in your chapter around the topic “What it means to be a global citizen.”

Invite members or guests of diverse cultural backgrounds to share their unique histories, practices, celebrations, and educational systems.

Contribute to World Fellowship so that women who are eager to study in the United States and Canada may have the opportunity to attend in one of our great schools.

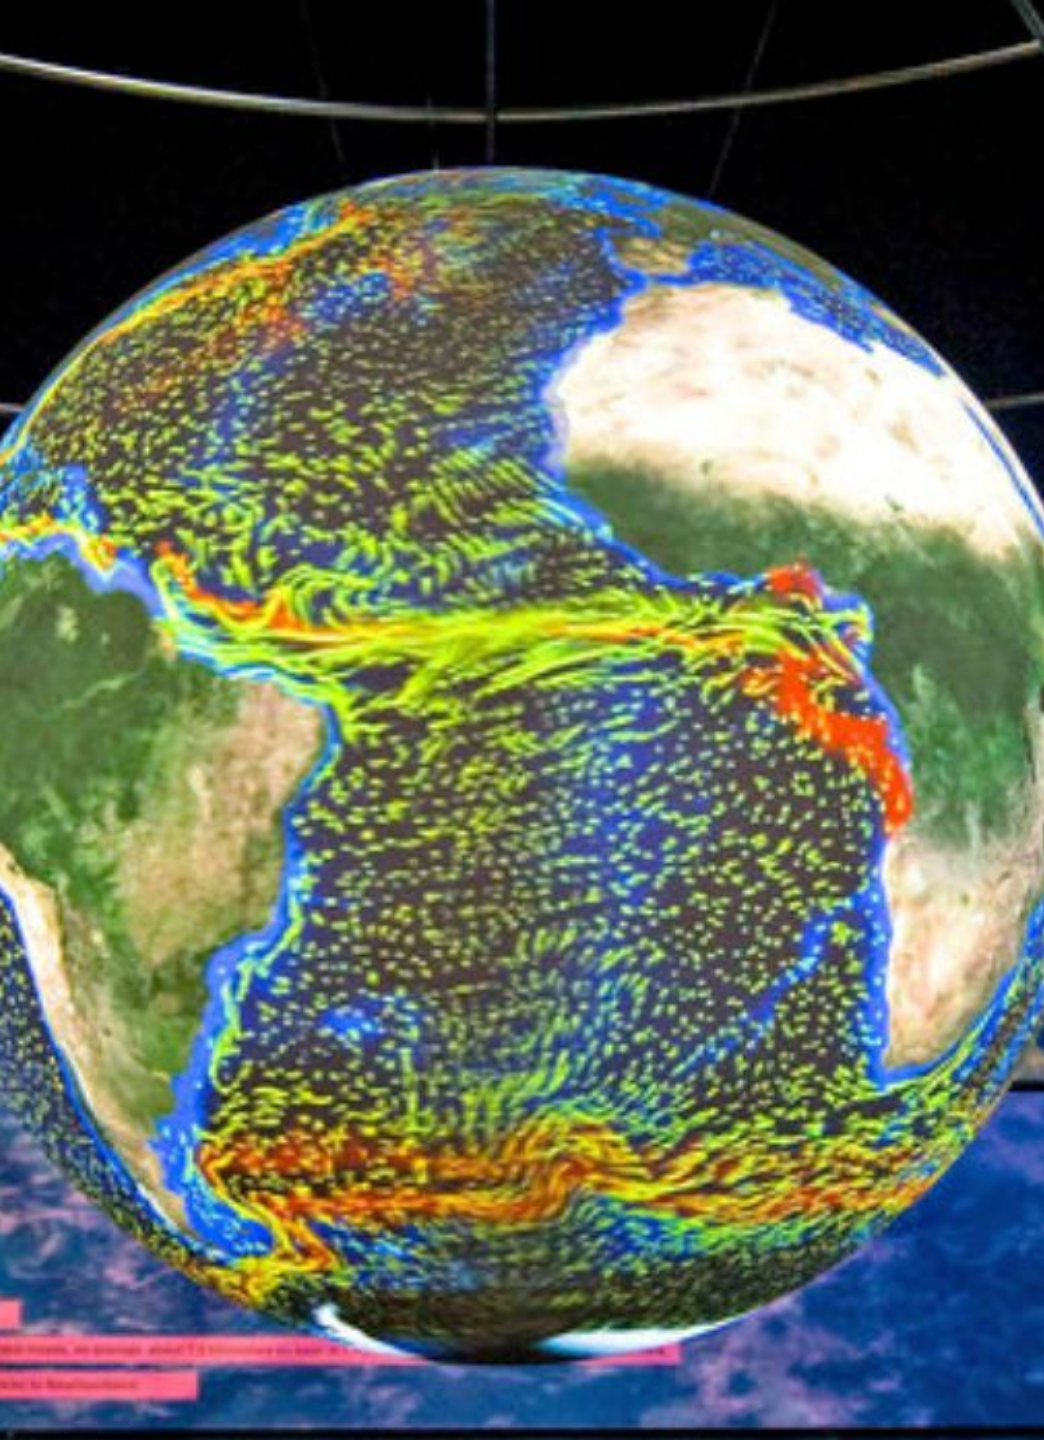

Support the GIRLS project for girls’ education internationally.

# BECOME AN INTERNATIONAL SPEAKER

The International Speakers Fund promotes cultural understanding by sending members as speakers into Society countries other than its own. The committee considers applications to become an ISF speaker and requests for speakers. Interest from the ISF fund is used for travel and expenses.
