

**State Annual Report
2018-2019 Headquarters Committee
Marylin Nease, Chair
Delta Omicron, Area 9**

Goals:

1. Increase the number of TSO members who visit Headquarters in person or by a virtual tour.
2. Educate members about all that Headquarters employees do for TSO members.
3. Encourage local volunteer support for Headquarters employees.
4. Assist members in *Bridging yesterday and tomorrow* as they learn about DKG and TSO heritage by studying HQ's historical items in real and/or virtual tours.

Accomplishments and activities related to goals listed above by number:

1. See first year's annual report. **The committee chair updated the tour script, and the 2019 Leadership Seminar participants toured Headquarters** on February 22, 2019, led by **docents from the Headquarters and Archives committees.**

2. See first year's annual report.

3. Year 2 of this biennium: Mar. 6, 2018-Mar. 4, 2019, **13 volunteers logged 473.25 hours** /compared to Year 2 of last biennium: Sept. 15, 2016-June 30, 2017 (when the HQ volunteer program began, so only 9 months to compare, instead of 12), **11 volunteers logged 288.25 hours.**

4. **(a) The committee chair created two new slide shows.** She created a short virtual HQ tour earlier. **Part 1** is a historical look at the places where state headquarters has been housed: in members' homes, at TWU in Denton, and in the current Dallas building.

Part 2 is a look at the DKG and TSO archival items (and previous art gifts) housed in the current Dallas building. **The goal is** that these two slide shows will be available online to all members on the HQ Committee page or on the Resources page. These slide shows can provide individual member education and serve as chapter program material.

Accompanying Part 1 are written memories and reflections from one past Headquarters employee (Ruth Hull) and from three past state presidents (Catherine Davis, Joanne Davis, Dr. Vicki T. Davis) and, so far, two more in process (Carolyn Adkins, Marilyn Gregory).

(b) The committee chair completed **an inventory of the art already given to HQ.** She researched in the *Book of Gifts* and other HQ paperwork and with past and current HQ employees and state presidents. With Executive Committee approval, **the goal was** to display the 12 artworks on Headquarters' walls, along with brief information (the artists, the media, when and why the artworks were given, and other relevant information). One more art piece (Mary Lou Matlock's needlepoint DKG coat of arms, given in 2006) needs restoration. **The goal was** to restore and display the needlepoint art before the biennium ended. **The committee established written guidelines for the acceptance of future gifts to HQ.**

Suggestions to Chapters:

1. **(a)** We invite local chapters to take a **Headquarters field trip.** Members can enjoy an eatery in the area (for example, Fajita Pete's, Crossroads Diner, or Lekka) and stop by to meet our employees, tour the building, and/or do research. **(b)** Depending on its size, a chapter might **reserve Headquarters for a meeting, an orientation tea, or other chapter activity.** **(c)** Chapter members might consider **becoming Headquarters volunteers.**
2. We invite all chapters to plan **chapter programs using the three online virtual Headquarters tours.**
