## Texas State Organization

July 2017

Greetings from your TSO Legislation Committee,

The Legislation Committee will be working to keep you informed and ready for action in matters related to education law and elections. The Legislation Committee promotes two of the Society's purposes: (4) to initiate, endorse, and support desirable legislation or the suitable endeavors in the internet of education and of women educators; and (7) to inform members of current economic, social, political, and educational issues so that they may participate effectively in a world society.

Our TSO President Jo Murphy has chosen *Bridging Yesterday and Tomorrow* as the theme for the 2017-2019 biennium. The goals she has set in support of her theme will be a guide to the Legislation Committee as we perform our duties to the Society.

Goals for this biennium:

- 1) Encourage members to strengthen their chapters by building membership diversity including members of all ages and ethnicities, as well as those who work in all types of schools.
- 2) Honor our Heritage as we build membership, strengthen chapters, and take on new challenges in schools and communities.
- 3) Encourage healthy living strategies for our members and their families.
- 4) Support initiatives and programs that will enlighten and inform members about education worldwide.

Our laws and lawmakers affect us in all of our endeavors. By keeping our DKG sisters up to date on what is happening in Austin and Washington, D.C., your TSO Legislation Committee will be doing their part to help us all fulfill Jo Murphy's goals.

I look forward to hearing from anyone with questions and concerns and to working with you all as we continue to be *forward moving ever*.

Yours in Sisterhood,
