

## The Delta Kappa Gamma Society International Texas State Organization

Greetings Chapter Presidents:

August 5, 2017

The Leadership Orientation for State Personnel Committee, aka LOSP Committee, is responsible for preparing and training incoming state officers, committee chairs, and area coordinators at the beginning of each state biennium. The committee includes representatives from the President's Advisory Council and other members who have previous state personnel experience, all appointed by State President Dr. Jo Murphy to serve during 2017-2019. As the past state president who has been out of office one biennium, it is my responsibility to chair this committee. Other members of this committee are Dr. Vicki Davis, Joanne Davis, Carol McMillan, Marilyn Gregory, Carolyn Grantham, Rhonda Posey, Sandi Causey, and Dr. Murphy, ex-officio.

I encourage you to consider being a part of the leadership team **2019-2021**. It may sound like a long way off today, but it will be here before we know it. That is why the LOSP committee is asking you to consider serving the Texas State Organization of Delta Kappa Gamma as a state officer, committee chair, area coordinator, or committee member when the time comes for nominations and recommendations. **Start preparing NOW!** To help you prepare, the committee suggests that you review our *Texas State Bylaws* and *State Rules*. These governing documents may be found on our state website. In these documents you will find descriptions of each state leadership position and information about committees. The deadline for nominations for elected personnel is January 1, 2019, and for recommendations for state committee appointments is February 1, 2019.

We're off to a great start as we begin the 2017-19 state biennium and hope you enjoy the second year of your chapter biennium. Plan now to join us as state leaders for Texas State Organization as we move into the future. Join Us!

Sincerely,

*Nancy*

Nancy Newton, Chair
