Goal of your program/ project	Support the Settlement Home for Children
Title of program/project	Settlement Home for Children in Austin, TX
Area	7
Number of members involved in the program/project	14
Approximate time of program/project	ongoing
POC phone number	512-836-2150

Summary of Program (Summarize your program/project below.)

The Settlement Home for Children is a licensed nonprofit organization that serves individuals who have experienced severe emotional trauma, abuse, and neglect. They provide 24-hour care to help children in foster care access the materials and support they need to restore and preserve a permanent sense of well-being. Their mission is to support healing and growth in children, young adults, and families by providing a continuum of care, support and resources. (settlementhome.org)

Having teenagers on their campus 24 hours a day means that they go through supplies and items quickly. Nu Alpha has chosen to support the Settlement Home for Children as an ongoing project by contributing to their key needs. Our chapter has made a collective cash donation to help fund their needs, and individual chapter members have made personal donations to fund their needs by purchasing items specifically requested through the Amazon Wishlist their organization has organized. The items on the Amazon Wish List would help their campus to run smoothly and support the healing and growth of the children they serve.

While some of our chapter members have taken a tour of the facility, the tour has not been available to all members due to the ongoing COVID-19 situation. We hope to be able to tour the facility as a group when it reopens to the general public who reserve a spot on their special tour days.

Nu Alpha is proud to be able to support this wonderful organization in their quest to help children in need in our area.
