INTRODUCTION

This list includes primarily school buildings and parts of buildings. It also includes other types of facilities, some of which are not school-related.

Information is arranged by city/county, then chapter. Index A, page 14, lists names of members alphabetically and the city of their named facility. Index B, page 17, lists counties and cities within those counties.

School districts are not listed unless it is known that they differ in name from the city.

First names are given with surnames even though the building designated may be customarily referred to by surname only.

If the honoree has belonged to more than one chapter, an attempt has been made to list the facility under the chapter to which she belonged when honored.

Dates of construction/dedication are given if available.

Information continues to accumulate, and it is anticipated that an expanded list will be published in the future. This listing will also be available on the TSO Website and updated as needed. Additions and corrections should be sent to the state Research Committee Chairman.

FOUNDERS HONORED

At least five buildings in Texas have been named for the Founder, Dr. Annie Webb Blanton, a member of Alpha Chapter. Two of these are in Austin.

In 1955 officials at the University of Texas named a dormitory for Dr. Blanton. A few years later Alpha Chapter members worked to have an Austin ISD elementary school named for her. This building was opened in 1964.

In Dallas in 1956 the Annie Webb Blanton Elementary School in Dallas was dedicated. Epsilon Chapter members spearheaded the effort to have the Founder so honored there.

The three Odessa / Ector County chapters, Delta Iota, Zeta Kappa, and Theta Mu, led by Theta Mu, submitted a successful proposal that a new elementary school be named for Dr. Blanton in 1982.

In 2009, the Denton ISD named one of their new schools Dr. Annie Webb Blanton Elementary due in part to the leadership of the Iota Iota Chapter. This school is located in Argyle, Texas.

Leadership of at least four other founders has been recognized in this way. There is a Dr. Anna Hiss Gymnasium on the University of Texas campus in Austin, a Lalla M. Odom Elementary School in Austin, a Mamie Sue Bastian Elementary School in Houston, and a Mabel Grizzard School Board Room in Waxahachie.
