

Scoring of the Yearbooks

Early Bird:

The Early Bird award is based on date of submission of the chapter yearbook. This is awarded to chapters who submit their yearbook—either hardcopy or electronically—to the State Yearbook Committee Chair on or before Nov.1st.

Exemplary:

An exemplary award is presented to those chapters whose yearbook receives a score of 25-29 based on the guidelines that should accompany the chapter yearbook. To receive an exemplary award, the yearbook must be submitted either hardcopy or electronically on or before Dec.1st.

It is possible for a chapter to receive both an Early Bird and an Exemplary award for their yearbook.

Yearbooks received after the Dec.1 deadline are not eligible for either award.

It is not necessary to send both a hard copy and an electronic submission.
